

## ADDENDUM PARTICULAR REGULATIONS SUPERBIKER METTET 19-20-21/10/2018

### ADMITTED PILOTS:

**FMWB-VMBB pilots:** all pilots must have a Supermoto license (valid for the current year). Belgian pilots, from the age of 16, can buy a "license 1 event / 3 days" at their federation. The price of this depends on the category and the number of days (more info on the website: [www.superbiker.com](http://www.superbiker.com)). For the minor pilots a written permission, signed by both parents, is mandatory.

Each pilot must be able to prove his affiliation with a VMBB or FMWB club.

**FOREIGN PILOTS (not FMWB-VMBB):** the foreign license holders must be in possession of a start admission issued by their National Federation, recognized by the FIM. Foreign pilots, from the age of 18, can sign a "license 1 event / 3 days" on the spot. The price of this depends on the category and the number of days (more info on the website: [www.superbiker.com](http://www.superbiker.com)). The connection with a VMBB or FMWB club is mandatory.

**Particular exception:** The minimum age to participate in the SUPERBIKER of Mettet is set at 15 years for the categories Starbiker, Prestige, Supermoto, Senior and Quads. The limitation on the age of 15 years counts from the date of birth of the pilot, not the year of birth. However, the pilots of 14 years old at the time of the race (19/10/2018) will be allowed to participate if they receive an agreement of the BMB (the Belgian Federation) and the organizer (Club RUMESM). These pilots need to prove they participate in international competitions in 2018, accessible to pilots of +18 years and they need to be in possession of an international FIM license. They also need to be in possession of a valid permission in accordance with the BMB Supermoto regulations 2018.

Approved by the BMB Sports Committee on 03/09/2018
